*Q.—385. Sri D. M. SIDDIAH (Biligere).—

Will the Government be pleased to state :—

(a) the number of tanks investigated in Kavalare Hobli, Biligere Constituency and the estimates of each ;

(b) whether it has come to the notice of the Government that the Kavalare Hobli in Nanjangud Taluk is an area which has no irrigated water supply through any river or channel ;

A.—Sri S. NIJALINGAPPA (Chief Minister).—

(2) Konanur tank ...	40,000
(3) Restoration of Konapur tank ...	18,000
(4) Construction of tank near Padavamadhalli	50,000
(5) Construction of tank near Doddahomma...	30,000

(b) Yes.

(c) Such of the works which are feasible will be taken up after the projects are sanctioned subject to availability of funds.

Sri D. M. SIDDIAH.—May I know when the estimate for the restoration of Devanur Arsinakere tank was prepared and what work has been done so far ?

† Sri S. NIJALINGAPPA.—The estimates have been prepared and submitted for scrutiny very recently.

Sri D. M. SIDDIAH.—What about the other estimates for items 2 to 5 ? How many acres of land were irrigated ?

Sri S. NIJALINGAPPA.—I have not got all that information. Because it is a scarcity area, we are having them estimated. The estimates have just been received and are under scrutiny.

Sri D. M. SIDDIAH.—In view of the fact that the area has no irrigation facilities, would the Government take up the restoration work of tanks early and finish the work ?

Sri S. NIJALINGAPPA.—The answer is there that subject to certain conditions the work will be undertaken. Government is eager to undertake them.

Sri M. C. BASAPPA.—In view of the fact that it is a dry or scarcity area, would the Government assure that all the works will be taken up and completed ?

Sri S. NIJALINGAPPA.—The answer is quite clear.

Sri M. C. BASAPPA.—The answer at (c) suggests that some works may not be taken up.

Mr. SPEAKER.—Even before scrutiny, how can the Government commit themselves.

Sri M. C. BASAPPA.—That is not the point. It is stated that such of the works as are feasible would be taken up. I want the Government to assure that all the works would be taken up.

Mr. SPEAKER.—It is too premature at this stage.
